

Complete risk management & loss prevention services for lawyers and law firms

Risk Management Services

As part of your benefits, each insured lawyer is entitled to receive up to four (4) hours of confidential advice from experienced risk management counsel. For responsive, knowledgeable risk management resources, we provide you with the services of Attorneys Risk Management. ARM boasts rapid response, high quality advice, current forms and materials, informative ethics CLEs, and consistent loss-prevention publications to help keep your practice as safe as you can make it. For more information and to take advantage of this benefit of your policy, visit [ARM website](#).

What We Do

Help When You Need It

Consult in real time with senior risk management attorneys to address difficult ethics and liability issues, including withdrawal, error communication, conflicts, fee disputes, and more.

Ethics CLEs

Every lawyer needs ethics CLEs, and we deliver five (5) hours for each insured lawyer through our partner TRTCLE. You'll be taught by the same lawyers that provide loss prevention advice and counselling.

Do-It-Yourself

Resources to educate yourself and your firm about basic risk management principles, including multiple forms so that you can assess your own policies and risk profile.

Consultations Protected by Privilege

Unlike most other risk management programs, you'll speak with your lawyer, not with your insurance company. Your conversations are protected by attorney-client privilege. Your insurance company will not know that you've sought advice.

Practice Tools and Templates

Carefully curated and growing library of forms, checklists, links, articles, and other resources that will help protect you and your firm from ever-present and ever-increasing risk.

State Resources

Links to every state's Rules of Professional Conduct, Ethics Opinions, and the state bar risk management assistance program, if there is one. Because a second opinion never hurts.
